SCHOOL CLOSURES

Students and teachers of all Coffee County Schools finished the days work Tuesday with unusual glee. Because there would be no more classes until Monday March 19th.

The purpose of the three days recess is for teachers to attend the A. E. A. meeting in Birmingham Thursday, Friday and Saturday.

Some school principals expressed a hope that students and teachers might fully recuperate from recent attacks of flu and be able to get back to normal when schools take up again.

PROGRESS B-H BROCKTON

The Progress B-H Club of New Brockton met March 9 in the Community Building. Jerry Sawyer presided.

The girls studied "Making and Draping Dressing Tables and Stools." The boys studied working plans.

Esta Peacock led the group in some games. Margaret Ann Devaughan secretary served some cookies she baked.

Officers of the club are Jerry Sawyer, president; Glenda Maddox, vice president; Margaret Ann Devaughan secretary; Mary Ellen Maddox, song leader; Esta Peacock, recreational leader and Reba Ramsey, devotional leader. Hugo Devaughan is the adult leader. Next meeting on April 12.

NO OTHER CAR is more fun to drive. De Soto's new high-compression engine is bigger, more powerful than ever. Tip-Toe Shift with Fluid Drive lets you drive without shifting. And no car in America has bigger brakes!

NO OTHER CAR gives you such value. Just compare De Soto, feature for feature . . . and dollar for dollar . . . with any other car at any price. You'll pick De Soto!

SPRING IS HERE??

Spring was officially ushered in Wednesday with a cool spell which followed the rain. The first of the week. Light frosts occurred Tuesday and Wednesday mornings but bright sunshine warmed things up during the day and indications point toward warmer weather from now on.

Many farmers had planned to plant corn this week, but the heavy rains and cool weather delayed them for a few days. They expect to begin planting by next week.

FIRE DEPT EFFICIENT

When I got sick two weeks ago I had intended to make a report of the drill put on by the Elba Fire Dept. on Thursday evening of that week. I was unable to write it up, but the drill was pronounced such a success that I feel it would be negligent to pass up the report.

The drill was one of a series to be held to acquaint the personnel with various buildings in the business district and how to get into them in case of a fire. The May Building was the one selected for this drill. The trucks made a quick run following the siren. Police, regular and juniors under Officer Alex Strickland, blocked off traffic.

Six lines of hose comprising over 600 feet were connected with hydrants at the Elba Grocery, Mrs. R. L. Cooper's and Veterans Garage corners in a short time. A large volume of water was soon spouting from all sides of the block. Every man had received his instructions from Chief Flournoy Whitman and knew exactly what to do.

NEW GROCERY STORE

The H & L Grocery is the name of the new store which will open for business in the morning building on the east side of the square. It is the site of the old Morris-McCullough building. The new establishment will be under the management of Cleo Hawkins and Rex A. Lowery. Mr. Lowery has operated a store between Elba and Troy for the past two years. Hawkins will continue on his job at the power house below town and put in his spare time at the store.

BAD DAY FOR WEATHERMAN

Weatherman Bill Tilson from Mobile reports a stormy day Monday. During the heavy rain-fall his wife gave birth to a baby and while going to the hospital his car drowned out. Then his river forecast at Columbus, Miss., a veteran of 43 years with the bureau, quit. However, Mr. Tilson said there was one ray of sunshine for him as he predicted the baby would be a girl and he was right.

Dr. Robert L. Blue, 30 son of the late Dr. J. P. Blue, died at his home in Elba. He graduated with honors at Ga. College of Medicine and Surgery in 1905, and belonging to a family of successful doctors, he had bright prospects in his chosen profession, but ill health blighted his career. Survivors are his mother, Mrs. A. Blue; a brother, Dr. J. D. Blue; sisters, Mrs. Fannie Brooks, Mrs. D. D. Knight, Mrs. New Farris, Misses Kate, Willie, Johnnie and Cyprie Blue, all of Elba. He was a member of Elba Lodge F. & A. M. and will be buried with Masonic honors in Evergreen cemetery Wednesday.

Messers. W. W. Ham and W. B. Rainer made a business trip to Montgomery Tuesday.

Three new brick store buildings soon will be built by W. B. Rainer on lots between O. L. Mathews store and Plunkett's Trading Company's stores. It is reported that other buildings will soon be erected. With Elba's citizenship of staunch, energetic business men, the town will continue to grow.

About People and Things

By C. B. McDowell

HALF SHOT AND ALL SHOT

In case any of you don't know it, two sages of flu are no fun. I had a siege of the pesky disease about a month ago and thought four shots of penicillin and various other remedies had knocked it out and went back to my customary activities. Two weeks ago I had a relapse which was worse than my first attack. My daughter, who is a trained nurse, really shot me this time and I believe I am well on the way to recovery and hope to have no more flu trouble.

BLOW UP FOOTBALL NOW

Tommy Vaughan, 3-year-old son of Mr. and Mrs. Tom Vaughan, entered the office at the Dorsey Trailers plant where his mother is employed one day last week and in a sheepish manner said, "Mother, I swallowed my football needle." Dr. J. M. Kimmy allayed the anxiety of the lad's parents and grandparents by telling them that if the needle could be kept in a straight position, it would likely pass through the throat, stomach and intestines without trouble. Dr. Kimmy prescribed lots of bananas and sweet potatoes to keep the needle covered. The boy said he disliked sweet potatoes more than most any other food but he would eat them anyhow. His mother told him to be sure to keep a watch out for the needle to pass from him. Tommy said he surely would as he couldn't blow his football up until he got his needle out. Monday Tommy was observed at play with a well-inflated football.

FIG TREES HERE KILLED BY COLD

Gordon Mathis reports he has made quite an extensive survey of fig trees in the Elba area and found that the excessive cold water during the past winter has killed nearly all of them. He said he found that trees 30 and 40 years old had been killed. However, he said he found one tree on the South side of the Page house in the Curtis community which showed considerable life, probably due to the fact it had been protected by the building.

IT'S SPRING!

The Coffee County Board of Education has authorized the election of trustees for the Elba School to be held Monday night, March 26 from 7:30 o'clock until 9 o'clock. School buses will be used to transport parents to and from the election.

Elba School Trustee Election Is Monday

Parents of children in school at the time of the election will be eligible to vote—both parents can ballot. If parents have children in two different schools, such as a rural and city school, they can vote in both places. A person can serve as trustee and not be a parent, but a person who votes must be a parent of a child in school.

Anita, 3-year-old daughter of Mr. and Mrs. Jack Veal, was severely injured Friday at the Veal home in West Elba. When the truck swung around the corner, Anita either jumped or fell from the truck and a front wheel ran over her right leg just below the hip. She was carried to Enterprise hospital where an X-Ray showed that her leg was fractured, but not crushed. The injury was so severe that the leg could not be placed in a cast for several days. Mrs. Veal and her three other daughters are staying with the injured girl who is reported to be getting along as nicely as could be expected.

Dan B. Nelson Dies; Funeral Service Held On Thursday Morning

Dan B. Nelson, prominent Elba business man, citizen and farmer, died Tuesday evening, March 20, in a Birmingham hospital, where he had been under treatment for brain tumor for several months. He had been suffering from his affliction since last December and undergone several operations.

Mr. Nelson was born in Crenshaw County, son of Dan B. Nelson, Sr., and Mrs. Mary Morrow Nelson. He had resided in Coffee County most of his life, a greater part of which has been spent in Elba. He was an extensive land owner and farm business interests in the Elba area. His wife, Mrs. Vonelle Johnson, was intimately associated with him in his business affairs and has a good knowledge of them.

He was an active member of the Elba Baptist Church. Survivors are his wife, Vonelle Johnson Nelson; five brothers, Walter, Sam, Joe, J. C., and Tom Nelson; four sisters, Mrs. John M. Stephens, Mrs. Green Mock, Mrs. A. A. Bryan and Mrs. D. H. Turner.

Funeral services were held on Thursday morning, March 22, at the Elba Baptist Church. Revs. O. M. Fox and Fred. Davis officiating. Nephews of Mr. Nelson served as pallbearers and deacons of the church were the honorary pallbearers.

Interment was in Evergreen Cemetery. Hayes Funeral Home directed.

JOAN PADGETT MARRIES CHARLES JACOBS AT FIRST BAPTIST CHURCH

Miss Joan Padgett became the bride of Mr. Charles Jacobs in a beautiful ceremony that took place at the First Baptist Church on Friday at 5 o'clock in the afternoon.

Standard baskets of pink gladioli and carnations, against a background of white spired interior with greenery marked the altar. Tall candelabra holding tapers furnished light.

Mrs. Roy King gave a program of nuptial music preceding the ceremony and played the traditional wedding march. The candles were lighted by Misses Donette Bowden and

Miss Martha Jean Padgett, sister of the bride sang "Always" accompanied on the organ by Mrs. King.

Highlights To Dramatize Your Home

Let framed pictures be your spokesman in setting the "locale" for your interior decorating scene. Here the French Provincial double chest is appealingly enhanced by these attractive prints arranged to really start loungers wondering about your ingenious "flair" for styling. Against a pine green wall, these pictures, matted with a red background and in frames of natural wood coloring, will create that intangible stamp of taste "unqualified."

With October—National Picture Month—looming over the horizon, you won't want to miss this opportunity for purchasing really beautiful pictures for your home.

Miss Gnette Fleming graduated from A. P. I. A. U. S. O. Friday with a major in Elmer University. Her parents, Mr. and Mrs. J. C. Fleming, attended the graduation exercise and Gnette returned home with them.

Mrs. F. A. Farris, Johnny and Sandra returned Monday from Jackson, S. C. where they spent a week with Col. Farris. Jimmy Farris also joined his family at Fort Jackson for the weekend.

NOTICE

Your paving assessment was due December 1, 1950, with the option of paying in full or in 10 equal yearly installments. The first installment became due December 1, 1950, and the second installment due December 1, 1951. These installments carry 8% interest. A large majority of the assessments have been paid in full. Some have paid their installments for 1950 and 1951, while a few have not paid anything. This is final notice to those who are delinquent with their installments. Unless the assessment is paid in full or the installments brought up to date, the same will be turned over to the City Attorney for legal action.

HADACOL is Requested By Nurses

HADACOL Helps Folks Suffering Deficiencies of Vitamins B₁, B₂, Nicotin and Iron.

Registered nurses, in increasing numbers, are showing a keen interest in HADACOL and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional samples of HADACOL and many of them indicated that they recommend the HADACOL formula to patients who are deficient in Vitamins B₁, B₂, Nicotin and Iron.

Mrs. L. D. Lovett, a registered nurse who lives at 2250 Walnut St., Philadelphia 3, Pennsylvania, says this about HADACOL:

"I was down in Florida for the past month. I had no energy, several members of my family told me to take a bottle of HADACOL. My sister, who is a nurse, was taking a bottle so I took a bottle. I feel fine since taking HADACOL. I can't give you more, I am so glad to give you this."

HADACOL can help you if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you the wonderful HADACOL feeling.

Springtime is traditionally re-decorating time at our house and we're in the midst of the job right now. Because we wanted to do a really professional job I talked to Mr. Hayes Quinn, the color consultant for the Pittsburgh Plate Glass Company. He gave me complete instructions for correctly re-painting a room.

Because so many of you will also be re-decorating, I thought you'd be interested in these suggestions. First—according to Mr. Quinn—comes the preparation of the walls. Upon this operation depends the success of the paint job. Before starting to paint, wash or scrape off all calcimine, loose paint, grease and dirt. Fill all cracks with patching plaster and sand to a smooth surface. Touch up patched spots with first coat. Even though no spots or cracks need patching, wash the surface thoroughly.

Mr. Quinn explained that the application of paint on interior plaster surfaces has become increasingly difficult, because of such things as a tendency to rush painting on damp walls. That's why these preparatory steps are doubly important. He mentioned, too, that it is not wise to use varnish sealing coats, because they may cause trouble for later painting work.

One of the most important steps, he emphasized, is to read the directions on the label. By following these instructions, you are assured of a better paint job.

We are following this expert advice carefully and are mighty pleased with the results. Oil base wall paints and primers certainly gave a professional look to our rooms... and we're going to decorate the "right" way from now on!

What Wholesale Customers Say About

ALABAMA POWER COMPANY ELECTRIC SERVICE

Some of our customers are industries and municipalities who, when they have a problem relating to the use of large quantities of electric power, call on our wholesale power engineers to assist them in its solution. Here is the substance of what a few of them say:

... The studies made by your engineers have made it possible to greatly improve our service. You have our sincere appreciation.

... We had no idea your men would devote so much time to help us make the most economical use of electric power in our plant.

... Our town greatly appreciates the assistance you gave us with respect to revamping our electric system so that we could operate it more profitably.

... While you modestly disclaim having had much part in the new industry locating here, we believe that the assistance your engineers gave us played a large part in their decision to locate here.

Such comment, while perhaps over-liberal, resulted from employees just "doing the job," and doing it well. Such recognition from our customers is not only appreciated, but also serves as an inspiration to all of our employees.

STATE CAPITOL

The State Capitol is at Montgomery. Montgomery was chosen as the site of the Capitol by the Legislature of 1819. The original building, completed in 1819, burned within two months. The central unit of the new building was completed in 1851. Wings were added in 1890, 1907 and 1912. The six-pointed brass star on the Capitol portico marks the spot where Jefferson Davis of Mississippi stood as he took the oath of office as President of the Confederate States of America.

"A" FOR EFFORT

SLAP STICK

Clancy fell off a six story-high scaffolding and lay unconscious on the ground at a hastily summoned ambulance clanged to the spot. A

crispy efficient intern made a cursory examination and pronounced authoritatively, "This man is dead."

Just then Clancy regained consciousness and indignantly protested, "You're a liar. I am not dead."

A friend kicked him in the pants and murmured, "Be quiet, ye fool, sure and the doctor knows best."

IMPROVEMENT TEMPORARY

A street met an old customer on the street and asked, "Well, Tom, did that midwife I suggested improve your wife's appearance?"

"It did for a couple of days," replied Tom mournfully, "but it wore off."

Coal Cal

One day when Calvin Coolidge was governor of Massachusetts, he invited the state road commissioner to the executive mansion for dinner. When he advised his wife, Grace, that there would be a guest for the evening meal, Mrs. Coolidge decided that this was the time to bake her first apple pie.

Mrs. Coolidge's cooking experience was limited, but she followed the recipe carefully, and was rewarded by a pie as delicious as the one she had ever seen. At dinner, when the pie was placed on the table, it was greeted with murmurs of approval, and all eyes lighted up with anticipation. Eagerly, the diners dug into it.

At the first bite, however, their expressions changed to one of disappointment. The crust was as hard as a rock. Like the others, Mr. Coolidge dutifully finished his portion. Then, turning to the guest, he commented,

"Now, this is what we should use on our roads!"

From Scripture

At a public function one of the doers, a minister, found himself ill at ease with the fish course he sampled with difficulty.

"Dear me," he said, "whatever is this?"

"It is a piece of the fish, his neighbor said succinctly, "piece of cod that passeth all understanding."

A Repeater

Sophomore—"Dad, do you know that you're a lucky man?"

Father—"How is that?"

Sophomore—"You won't have to buy new books for me next semester. I am taking last year's work over again."

MAJOR OPERATION

An American tourist went into a dimly lit bar in South Africa. When he saw on a stool beside him a perfectly formed human being in military uniform—only six inches high, incredulous, the tourist stared until the bartender spoke up and said, "The tourist shook his head."

"Speak up, Mylor," the bartender said. "Tell the Yankee about the fellow you called the witch doctor a bloody damned fool."

"A" FOR EFFORT

A teacher was slightly in doubt as to what mark to give the boy on his answer in an examination. The question "What is a will?"

Man Consumes Barrel of BAKING SODA

One man told us he took baking soda for years. Claims he has used over a barrel of it for stomach gas, but got only temporary relief.

Recently he quit the soda habit and took CERTA-VIN. This new medicine is bringing REAL lasting relief to many Elba gas victims because it is taken BEFORE (not after) meals and thus digests your food. It helps digest your food faster, so your food doesn't lay there and ferment. Besides relieving gas, CERTA-VIN also contains herbs with Vitamin B-1 and from it, enrich your blood and make your nerves stronger. Weak, miserable people soon feel different all over. So don't go on suffering. Get CERTA-VIN-Whitman Pharmacy. Adv.

GOOD HEALTH

Answer to Question No. 1: 1. Yes, but statistics can fool you. Increase in chronic disease actually means we are getting healthier in our younger years, strange as that seems. Only one half of the people born in 1900 could expect to die of a chronic disease since so many of them were the victims of childhood diseases for which no cure had been found. Today four out of five persons die of a chronic disease, but at a much more advanced age, simply because we now are healthier in our youth and live longer.

Answer to Question No. 2: 2. Gingivitis is an inflammation of the gums caused by faulty diet, irritation, or infection. While pyorrhea is more serious, since it means that actual pus is present, it is still important to correct gingivitis and thus prevent pyorrhea.

Answer to Question No. 3: 3. There is an old saying, "It takes a lean horse for a long race." If the condition of underweight is not due to illness, such as tuberculosis, thin older people (that is, those over the age of 55 years) live longer than the overweight.

About People

and Their... By C. B. McDowell

MUST MEAN STRAW BOSS Chief of Police J. W. Parker was boasting in a local store that he was boss in his home. He said he had his wife and children under control like well-trained soldiers. Charles Hayes suggested that Chief Parker probably meant "straw boss."

LOSES PANTS Mr. Edd Lee Jr. is absent from his job as janitor at the courthouse this week. He was taken quite ill Monday and was carried to Enterprise hospital when pneumonia threatened. An examination showed that very much worried. He could not locate his pants with two bliffoes containing \$88. The rest of his clothes were in place, but no pants. His many friends hope they will soon be found.

COULDN'T TELL A LIE Messrs. Jaron Lee, Levy Peley and Pete Lee went fishing Monday and were absolutely "skunked." They couldn't catch a single fish but they made it up among themselves that they would tell friends they caught 48 nice bream, but when it was suggested that Mr. Peley should tell Charles Hayes that Mr. Lee caught 30 of them, he said he couldn't tell a lie like that.

LOSES POLITICAL PRESTIGE Rhode Rhodes, who was severely injured in an automobile accident several weeks ago, was hobnobbing about town Monday and said he was improving as well as could be hoped for. He said however, that the accident was a severe blow to his political prestige. He said he had about completed arrangements for Louise Morris and Ran McGonigle to get on relief, but while he was laid up, they were busy into business and all of his political wire-pulling was nullified.

CASEY TALKS IT LITERALLY At the close of the Easter morning sermon at the Methodist church, P. S. J. Casey told Rev. Fred L. Davis that he would in the future try to do as the pastor told him. The preacher said he appreciated the attendance of everybody on Easter morning but wanted them to come every other Sunday. Casey said he had been in the habit of attending church every Sunday but in the future would attend only every other Sunday. The pastor told Prof. Casey to take his words for what he meant instead of what he said.

BAPTIST REVIVAL The revival which began at the Elba Baptist Church Sunday morning is being well attended. Rev. Ellis B. Evans, state Sunday School secretary, is the evangelist. Rev. Audley G. Hamrick, student minister at New Orleans is conducting song services and young people's activities. Mrs. Roy King is at the organ.

SERVICES are held week days at 7 A. M. and 7:30 P. M. Sunday services are at 11 A. M. and 7:30 P. M. The revival will extend through Sunday night.

ANOTHER FINE RAIN Following two days of threatening rain, moisture began falling in torrents this morning, accompanied by vivid lightning and heavy thunder. More than two inches of rain fell in this regular spring term of drought.

area which was welcome because of recent drought conditions. The past several months, however, have been very dry. The lightning knocked out telephones all over town.

SEA FLOWER

This eye-catching cotton swimsuit is the girl's "sea flower" because it has a long trailing valentine that blossoms into a shimmering skirt. The bright cotton swimsuit was created by Cole of California and is the latest in the National Cotton Council says.

JOE GREEN RECOVERING Joe Green, popular ice delivery man, is recovering from a three-weeks bout with the flu. He is not yet strong enough to resume his duties, but says he feels a little better every day.

TRANSFERRED Warrant officer and Mrs. Purdue Crook visited Mr. Crook's parents, Dr. and Mrs. W. R. Crook during the weekend. Mr. Crook who has seen more than 25 years' service with the U. S. Navy, has been stationed at the Portsmouth, Va. base for the past two years, but has recently been transferred to Jacksonville, Fla. Mr. and Mrs. Crook are pleased with the transfer as it will bring them nearer to home.

COMPLETE BOOT TRAINING Two Elba seaman recruits, Johnnie M. Moore, son of Mr. and Mrs. Roy Moore of Rt. 3, and Charles H. Johnson, son of Mr. and Mrs. E. B. Johnson of Rt. 3 recently completed recruit training at the Naval Training Center, San Diego, Calif. and are now available for assignment to a Fleet unit or to one of the Navy's schools for specialized training.

FOX BRUNSON PROMOTED Fox H. Brunson Jr. of Elba has been promoted to the grade of corporal. It was announced at 31st Division Hq. in Fort Jackson. He is assistant to the Intelligence Sergeant in the Headquarters Company, 16th Inf. Regt.

YARD BIRD MAKES GOOD Yard birds in the army were those misfits who couldn't do anything and usually didn't want to work. They were the scourge of all top-licks. But Lawrence J. Hight of Elba, 1st class air yard bird, has proved himself by himself. This particular hen, just a regular yard bird, laid an egg weighing one quarter pound. Longways the egg measured 8 inches in circumference and six and one-half the short way. Pretty good for a "yard bird" with an unknown ancestry.

STATE PUTS ELBA

COLORS HIGH ON ACCREDITED LIST

The Elba Colored High School was placed on the accredited list in January by the State Department of Education and joined the ranks of the few colored high schools in the state that have gained this distinction. Graduates who enter college in the future will not have to stand examinations to determine their eligibility.

The following letter was received from the State Department of Education:

Principal William M. Patton, Elba Colored High School:

We are glad to announce that the committee has approved your school for state accreditation this year.

You, your faculty and superintendents are to be complimented on the fine progress you have made in recent months to bring your school up to the standard that merits this recognition. The committee would like to urge you to continue to move forward in improving your school and to continue to bring your school up to the standard that merits this recognition. The committee would like to urge you to continue to move forward in improving your school and to continue to bring your school up to the standard that merits this recognition.

Yours very truly, J. C. Blair, Director of Division of Negro Education.

EMERGENCY AID INCREASES CAPITAL STOCK; Pays Cash, Stock Dividend Totaling \$50,000

At a recent meeting of the stockholders of the Emergency Aid Insurance Company, the capital stock was increased from \$25,000 to \$50,000 with an authorized capital to \$250,000. The officials reported a successful year in 1950 and the company paid a cash dividend of \$10,000 and stock dividend totaling \$50,000.

The same officers were elected: J. R. Clark, chairman and president; Lillie Harper, secretary-treasurer; directors, J. R. Clark, Dr. E. G. Briggs, Dr. E. J. Brunson, Mrs. W. W. Sanders, Mrs. W. M. Brunson, Lillie Harper.

Because of the company's growth and to give better service, International Business Machines are being installed in the Emergency Aid office this week. The company began business in 1935 with \$3,000 and is now working on its second million. A goal of \$1,000,000 in premium collections has been set for this year.

In an effort to reach the goal many prizes and bonuses have been put out to the field force. Agents are working hard to obtain these special rewards and company officials feel confident the goal will be reached. A crack agency force is headed by ex-Governor James E. Folsom in the Northern Division and Marvin Booser in the Southern Division.

The Emergency Aid and its 780 thousand platform units for the Air Force. The contract calls for 100 trailers the first month then 200 on the following 30 days. This will tax the plant to capacity. More than 500 persons working in three shifts are now employed at the plant.

FISHING TOO STRENUOUS Major D. S. Bryan has resumed his duties as Veterans Commissioner after a siege of flu. He said he had been wanting to take a fishing trip in an adjoining county and float down the stream like he used to do when he was a boy. The trip required lifting the boat over numerous logs and other obstructions. When he reached home he was so fatigued it took him two weeks to recover from the flu. He said they caught some fish and enjoyed the trip but he is not planning to repeat the experience.

JOHN FARRIS HEADS BETAS Johnny Farris was elected to serve as president of the Elba Chapter of the National Beta Club for the school year of 1951 and '52 at a recent meeting of the club. Officers elected were: Annette Taylor, vice president; Kenneth King, secretary; Jerry Brunson, treasurer; and Patsy Pinckard, reporter.

SCHOOL TRUSTEES The election of Elba school district trustees was held at the school auditorium Monday evening. Six trustees nominated by the community and elected were: Deal, P. B. Taylor, Tommy Thompson, L. P. Mullins and Boyl. Mr. Farris was elected secretary.

Thirty-nine voters cast in a quiet election. Three trustees are to be chosen from the six nominees by the County Board of Education at its monthly meeting Friday.

ANITA VEAL COMES HOME Anita, 3-year-old daughter of Mr. and Mrs. Jack Veal, who was seriously injured nearly two weeks ago when a front wheel of a truck driven by her father ran over her leg and fractured it, was brought home Tuesday. She had been in Enterprise hospital until then. Hayes Funeral Home ambulance brought her home.

A traction equipment similar to the one in the hospital was made by Reeves Furniture Company and she is resting comfortably at home. The traction device prevents the injured leg from being shorter than the other. The leg has to stay in traction about four weeks. After that it may not have to be put in a cast.

Dad English is again on his job after a week's absence on account of flu. He said he did not know anyone's back and other parts of the anatomy could hurt so bad.

CLIPPER SUBSCRIPTIONS J. B. Foreman, representative for Watkins Products in Coffee County has agreed to represent The Clipper in his territory. He will solicit new subscriptions and pick up money for overdue renewals.

ANITA VEAL COMES HOME Anita, 3-year-old daughter of Mr. and Mrs. Jack Veal, who was seriously injured nearly two weeks ago when a front wheel of a truck driven by her father ran over her leg and fractured it, was brought home Tuesday. She had been in Enterprise hospital until then. Hayes Funeral Home ambulance brought her home.

A traction equipment similar to the one in the hospital was made by Reeves Furniture Company and she is resting comfortably at home. The traction device prevents the injured leg from being shorter than the other. The leg has to stay in traction about four weeks. After that it may not have to be put in a cast.
